Professional Summary

Computer Science graduate and Full-Stack Developer with hands-on experience developing and maintaining web and mobile applications using React, Vue.js, Node.js, Laravel, PHP, MySQL, and PostgreSQL. Experienced in IT support, system troubleshooting, application maintenance, and database management within a government environment. A detail-oriented and adaptable professional with strong problem-solving skills, eager to contribute technical expertise and build reliable, user-focused software solutions.

Education

University of Baguio - Bachelor of Science in Computer Science

University of Cordilleras - Information and Communication Technology (Animation & Programming)

Experience

IT Support

Government - City Government of Baguio | *November 2025 - June 2026*

Technologies: MySQL, Laravel, Node.js, TypeScript, Tailwind CSS, shadcn/ui

- Developed and maintained internal web-based applications to support office operations.
- Provided technical support by diagnosing and resolving hardware and software issues for desktop computers, printers, and office equipment.
- Installed, configured, and updated software applications on office workstations.
- Assisted employees with IT-related concerns, system troubleshooting, and basic technical training.
- Performed data encoding, maintained digital records, and ensured the accuracy of office databases.
- Performed routine maintenance of computer systems and peripheral devices to ensure reliable operation.

Software Developer Intern

Government - Baguio City Smart City Command and Control Center | *February 2025 - June 2025*

Technologies: MySQL, Laravel, Node.js, Vue.js, Tailwind CSS

- Developed a web-based inventory management system to improve tracking, accountability, and management of office equipment and supplies.
- Implemented frontend and backend functionality, including RESTful APIs and CRUD operations.
- Developed reusable components to improve application maintainability and development efficiency.

Selected Projects

Mental Health Check-in System | Full-Stack Developer

Technologies: TypeScript, Express.js, PostgreSQL, Supabase, Tailwind CSS, shadcn/ui

- Developed a web-based system that enables employees to record and submit daily emotional well-being check-ins.
- Built frontend and backend functionality using TypeScript and Express.js.
- Designed a responsive and user-friendly interface using Tailwind CSS and shadcn/ui.

E-Commerce Mobile & Web Application - Full-Stack Developer

Technologies: React Native, React.js, Node.js, PostgreSQL, Supabase, Tailwind CSS.

- Designed and developed a platform to directly connect farmers and buyers, reducing reliance on intermediaries.
- Developed both backend and frontend logic, including RESTful APIs and CRUD operations.
- Built reusable components, improving development efficiency.

Blogging Web Application - Backend Developer

Technologies: Laravel, PHP, MySQL, Bootstrap.

- Created a system where users can register, log in, and manage blog posts.
- Integrated a comment feature to increase user interaction.

Data Analysis Project - Data Analyst/Python Developer

Technologies: Python, MySQL, pandas, Matplotlib.

- Built a MySQL database and Python scripts for data cleaning and analysis with pandas.
- Automated reports and visualizations with Matplotlib to reveal trends and insights.

Technical Skills

Programming Languages: JavaScript, TypeScript, PHP, Python, Java

Frontend: React.js, React Native, Vue.js, HTML5, CSS3, Bootstrap, Tailwind CSS

Backend: Node.js, Laravel, Express.js

Databases: PostgreSQL, MySQL, Supabase

IT Support: Hardware/Software Troubleshooting, System Maintenance, Software Installation & Configuration, User Support, Printer & Peripheral Support

Networking: TCP/IP, DNS, DHCP, LAN/Wi-Fi, Basic Network Troubleshooting

Cybersecurity: Cybersecurity Fundamentals, Authentication & Access Control, Basic Log Analysis

Tools & Technologies: Git, GitHub, VS Code, Postman, XAMPP, Microsoft Office, AI-Assisted Development Tools

Soft Skills: Problem Solving, Communication, Teamwork, Adaptability
